Weaving sequence -

1. 4 rows of plain weave

12. Heddle neutral, pick up stick on edge, pattern weft
13. Heddle up, tabby weft
14. Heddle neutral, pick up stick on edge, pattern weft
15. Heddle down, tabby weft
16. Change pick up once more, continue to follow the repetitive sequence as per the video

#### Example 4 - variation 2

For this example, it is more simple to watch the video. We bring the original tabby weft back in and then alternate the pick up sequence for the pattern weft.
